FKCCI-WEC Fostering the Spirit of Entrepreneurship in WOMEN

FKCCI has been pioneer in promoting women entrepreneurs, right from the early 80's and has been instrumental in providing a sense of identity, peer group support and belonging to women. In the 1980s, as the number of women entrepreneurs started increasing, there was a need for a specific forum that would guide, support and encourage their participation as entrepreneurs in mainstream business. The Women's Wing of FKCCI was initiated in the year 1982, in a small way, in the form of a discussion group. The Women Entrepreneurs Committee of FKCCI was started thereafter as one of the main committees with the view to help the prospective women entrepreneurs as well as the established ones.

The Women Entrepreneurs Committee (WEC) of FKCCI is committed to nurturing women entrepreneurs on their journey of business growth and empowerment. With a structured and purposeful approach, the Committee undertakes a variety of initiatives aimed at fostering an ecosystem conducive to women's entrepreneurship.

Continually updating its database and reviewing its goals, FKCCI-WEC strives to stay proactive. It ensures that women entrepreneurs receive professional guidance, helping them excel in their ventures and build lasting self-confidence, proving that a cradle can indeed shake the world of business.

The objective is to promote the growth of women entrepreneurs to be a part of mainstream business.

The Women Entrepreneurs Committee while providing an opportunity for the women entrepreneurs to feel the comfort of being within their own support group, also lends itself to be an integral part of the main chamber of commerce,

fulfilling ultimately the larger objective of being included in the mainstream of business.

FKCCI is proud to support more than 300 women entrepreneurs who are active members, reflecting its commitment to inclusivity and the promotion of women-led enterprises in Karnataka's economic landscape.

The International Women Entrepreneurs Day on November 19th and the International Women's Day on March 8th, every year, are celebrated as two of the Flagship events of FKCCI, together with recognising outstanding and successful women in their sector.

Theme for the Year

The theme for International Women's Entrepreneurship Day on November 19, 2025, is

"Empowering the Next Generation",

focusing on youth, especially young women, and adolescent girls, as catalysts for lasting change. This day also aims to educate, celebrate, empower, and support women in business globally. It's a day to recognize their achievements and inspire others to pursue their entrepreneurial paths.
